P.A.R.T.Y. Program Permission Slip

Dear Parent or Guardian:

Your teenager will be attending the P.A.R.T.Y. Program (Prevent Alcohol and Risk Related Trauma in Youth) at the Victoria General Hospital. The P.A.R.T.Y. Program is an injury prevention program aimed at teens, to help educate them about the consequences of poor decision-making in relation to risk-taking behaviors such as: drinking and driving, lack of seat belt use, not wearing a bike helmet.

We bring youth to the hospital for them to experience the process a trauma patient goes through, from the crash scene to rehabilitation. Some of the presentations provide frank explanations and show graphic photos. If your youth has recently experienced the death of a family member or friend, or any significant traumatic incident, it may not be appropriate for your teen to attend. Please carefully consider any possible negative impacts before allowing your youth to participate in this reality-based education.

If you have any questions or would like more information please do not hesitate to contact our office (250) 652-7097.

Thank you.

Yours in Sisterhood and Unity

Edith Loring-Kuhanga, President
